

Senior Researcher

The Liberty Mutual Research Institute for Safety in Hopkinton, MA is seeking a senior research scientist in the area of surface transportation safety to join the Center for Behavioral Sciences. This researcher will perform original and independent behavioral research in surface transportation safety, provide technical leadership within this area and will be expected to disseminate research results to the scientific community as well as industry stakeholders. Candidates must have a doctorate in human factors/ergonomics (or related field) and an established professional reputation with a strong record of peer reviewed publications. In order to apply to this position, please visit www.libertymutualgroup.com, click on "Careers," "Search Jobs," and enter 06292 in the Job Number field. In addition to formally applying to this posting, you may also email full CVs and statements of interest to cbs_hiring@libertymutual.com.
